EFFECT MECHANISM:

Redeem is a natural attractor. When used in mixture with a licensed insecticide effective against Olive fly, it attracts the pests to feed at an area treated with the insecticide, thus ensuring the pests come into contact with the insecticide during feeding and die.

TARGETED PLANTS AND PESTS

PLANT NAME	PEST NAME	DOSAGE & TIME PERIOD	TIME BETWEEN FINAL APPLICATION & HARVEST
OLIVE	Olive fly (<i>Bactrocera oleae</i>)	150 ml/10 L Water	-

METHOD OF APPLICATION:

Preparation:

Fill the applicator with water to the half point. Mix recommended dosage of insecticide with a small amount water in a separate container into a slurry. Add this slurry into the applicator tank and keep mixing. Dissolve **Redeem** in a small amount of water and add this mixture into the tank. Keep mixing and top off the tank with water.

Application should be started when an increase is seen in number of adults caught in **traps**, as well as % 1 damage and larvae are seen for table consumption produce or 6-8% damage and larvae are seen for oil production produce.

Redeem should be mixed with indicated insecticide and applied with partial branch application method, covering fruits and leaves. Spray a 1-2 m2 part of the tree on the south side. If application will be performed in a very hot month application should be done on north side where it is shaded.

MISCIBILITY:

It should be mixed with the recommended insecticide. It cannot be mixed with alkali preparations.

HAZARD PROPERTY:

This product has remained outside the classification as hazardous material according to "REGULATION ON PREPARATION AND DISTRIBUTION OF SAFETY DATA SHEETS RELATING TO HAZARDOUS MATERIALS AND SUBSTANCES (dated 26/12/2008 and numbered 27092)".

INGREDIENTS:

%55 protein
%4 ammonium salt
%3 plant amino acid

RISK EXPRESSIONS RELATED TO APPLICATOR AND ENVIRONMENT:-

SAFETY EXPRESSIONS:

S1/2: Keep locked up and out of the reach of children
S20/21: When using do not eat, drink or smoke.
S37/39: Wear suitable gloves and eye/face protection

HANDLING AND STORAGE CONSIDERATIONS:

- Store the pesticide in its closed packaging.
- Suitably dispose the empty packages.
- Do not use empty packages for any other purpose.
- Do not put pesticide in empty food or drink containers.
- Avoid contaminating above and underground waters.

USER SAFETY

Redeem is a natural insect attractant and trap made from sap and is not toxic to human, animal, birds and fish. However because it is used in admixture with insecticides, measures must be taken for both user and safety of humans and animals.

SYMPTOMS OF POISONING:

There is no known signs of intoxication.

FIRST AID MEASURES:

In case of excessive inhalation, move to fresh air. Seek medical help. In case of contact with skin, wash with plenty of water. In case of contact with eye, rinse the eye with water for 15 minutes. Call a doctor. If swallowed, rinse the mouth with plenty of water and call a doctor. Do not induce vomiting. Take the patient to the doctor with package or label.

ANTIDOTE AND NECESSARY INFORMATION:

There is no special antidote. The treatment is performed as per the symptoms.
